Denison, TX – A man wanted for spending counterfeit money in several Denison businesses is now in the Denton County Jail. Kenneth Patrick Barr, 49, was wanted by the Denison Police Department for Forgery of Financial Instrument > \$100. On January 11, the Sanger Police Department arrested Barr for Possession and Resisting Arrest. Barr is facing multiple charges and had several outstanding warrants from area counties including resisting arrest, forgery, and possession of a controlled substance. He is being held in the Denton County Jail on a \$60,000 bond.

In December of 2021, multiple downtown Denison businesses reported receiving counterfeit \$50 bills. It is believed that Barr also passed counterfeit money to area businesses throughout the North Texas region over the past year.
