

THIRD-PARTY PLAN REVIEW PROCESS AND LIST OF APPROVED FIRMS

Effective March 6, 2025, the Denison Fire Marshal Office will be utilizing third-party plan review services to supplement our plan review process.

The following plans will **require** plan review by third party prior to permit approval:

- Fire Sprinkler Plans - new systems and system modifications (not otherwise exempt)
- Fire Alarms Plans - new systems and system modifications (not otherwise exempt)
- Fire Sprinkler Monitoring Systems - new systems and system modifications (not otherwise exempt)
- Special Hazard Fire systems – new and modifications
- Operational permits for Aerosol Products, High-Rack / Piled Storage, and Hazardous Materials
- Emergency Responder Radio Coverage systems

The following require full submittal packages including plans but **do not require** a third-party review.

These plans shall be submitted to www.mygovernmentonline.org for review and permitting:

- Underground Fire lines
- Kitchen Hood Suppression Systems
- Access/Egress Control Systems
- Above Ground/Underground Storage Tanks
- Operational permits for fireworks, trench burns, bonfires

For situations not covered above please contact our office for assistance.

Work Exempt from Third Party Plan Review

Fire Sprinkler: Third party plan review is only required for alterations/modifications involving 20 or more sprinkler heads, alterations/modifications to the system risers, and/or special applications (i.e. water curtains). Minor fire sprinkler system modifications (such as adding fewer than 20 heads) do not require third party plan review

Fire Alarm/Fire Sprinkler Monitoring Systems: Minor fire alarm system modifications (such as adding horn/strobe for fire sprinkler monitoring or expanded notification coverage) do not require third party plan review.

Work not requiring third party plan review: Contractors shall submit a scope of work letter to www.mygovernmentonline.org and obtain a permit. Contractors shall install a white service tag with an accurate description of the work performed. This work will be verified by inspection.

THIRD-PARTY PLAN REVIEW PROCESS AND LIST OF APPROVED FIRMS

Steps for Plans Requiring third Party Review:

Step 1: Submit your plans to one of the approved third-party firms. If you would like to utilize a firm that is not on the approved list please contact our office. The contractor shall pay all fees associated with third party review directly to the third-party firm. See below for a list of approved third party firms. "Approval" of the plans by the third party plan reviewer does not constitute issuance of a permit.

Step 2: Submit the following items to www.mygovernmentonline.org for permit approval.

- A completed Permit Application
- An electronic copy (PDF) of reviewed plans and all associated documents. Submitted plans shall bear the stamp and signature of the third-party review firm and the contractor's design professional.

Step 3: Upon receipt and review of required documents in the proper format, a permit from the City of San Marcos Permitting Center will be issued.

List of approved firms

Excel Consultants

Elias Bathish, P.E.

esbathish@msn.com

817-478-0897 or 817-271-4344
