Resident Notice :

In addition to the attached information, we wanted to pass along additional details for your street and driveway access during construction. As we work our way down Eisenhower Rd., we will have a rolling closure in our work area. There will be times when you will need to use Lil Old Rd to exit your street, and other times where you will need to use FM 84. This will just depend on where your house is located and where we are in the construction process. As we work by your house, there will be a short period of time where you will not have access to your driveway. The disruption will be minimal and everyone will have driveway access at the end of the work day. Thanks for you patience and cooperation.
