

LEAD SERVICE LINE REPLACEMENT PROGRAM PUBLIC MEETING

The City of Denison is performing water service line inspections under the EPA's Lead and Copper Rule Revisions (LCRR).

This effort helps identify and replace lead pipes to ensure safe, clean drinking water for all. You're invited to a public meeting to learn about the next steps in protecting our community's water. Your service line has been found to fall under one of the three categories below.

Unknown | Galvanized | Lead

Thursday, Dec. 18, 2025
5:30 p.m.

Parkside Baptist Church
301 N Lillis Ln., Denison, TX 75020

Scan QR Code to RSVP.

Join us to:

- Learn about the inspection results and what they mean for your address
- Understand upcoming steps in the service line replacement process
- Ask questions and share feedback with City staff and the project team

We appreciate and look forward to your participation.

The City of Denison is one of fewer than 10 cities to apply for and be awarded \$10 million in federal funding from the Texas Water Development Board (TWDB). These funds will be used to support the required inventory, replacement, and improvements related to lead and galvanized services at no cost to Denison residents and businesses.
