

DENISON, TEXAS | HISTORIC DISTRICT COLOR PALETTE

GENERAL NOTE: The list of colors outlined in this document utilize a prior collaboration between the Valspar brand and the National Trust for Historic Preservation, though paint may be purchased from any supplier. Paint names are reflective of the original Valspar color, though paint can be sourced from other manufacturers using either the RGB value, HEX value, or Valspar Reference Number. Any selection must match the original color from this palette and application should be reviewed by appropriate authority and process having jurisdiction. Any clarifications or questions regarding a particular color, application or accent designation should be reviewed and confirmed with local authorities.

GENERAL NOTE: The list of colors outlined in this document utilize a prior collaboration between the Valspar brand and the National Trust for Historic Preservation, though paint may be purchased from any supplier. Paint names are reflective of the original Valspar color, though paint can be sourced from other manufacturers using either the RGB value, HEX value, or Valspar Reference Number. Any selection must match the original color from this palette and application should be reviewed by appropriate authority and process having jurisdiction. Any clarifications or questions regarding a particular color, application or accent designation should be reviewed and confirmed with local authorities.
